Narrator:

Observer Pictures presents Patient Zero. This is Episode Seven: Day 9: The Bite.

Reyna:

Lucas, what happened?

Lucas:

I think a snake bit me.

Reyna:

Holy shit, will you forget about the recorder?

Lucas:

No. I want to make sure we document.

Angeline:

What happened?

Lucas and Reyna:

Snake bite.

Angeline:

Rodolfo, *llama al transporte. (Get transport.)*

Rodolfo:

*Claro. Estoy en eso. (Of course, I'm on it.)*

Lucas:

*Creo... Creo la pise. (I think... I think I stepped on it.)*

Angeline:

Of course you were bitten by a snake. *Te dije que tuvieras cuidado. Me hiciste caso. No? Mira entonces lo que ha pasado. (I told you to be careful. But you ignored me, no? Then look what has happened.)*

Lucas:

*Siento es cuidado. (I was being careful.)*

Angeline:

*Y Mira lo que ha pasado. De verdad, que como un niño pequeño: Te envalentonas, vas de temerario y al final pasa. (And look what happened. Really, like a little boy: You get brave, you go reckless and in the end what happens.)*

Rodolfo (speaking over Angeline in the background):

*Base, este es el campamento A2. Necesitamos evacuación de emergencia nivel 3 en mis coordenadas para un pasajero. (Base, this is Camp A2. We need level 3 emergency evacuation at my coordinates for a passenger.)*

Angeline:

*Dos. Yo voy con él. (Two. I'm going with him.)*

Rodolfo:

*Corrección, evacuación para dos pasajeros. (Correction, evacuation for two passengers.)*

Angeline:

*¿Lo viste? (Did you see it?)*

Lucas:

*Solo por un momento. Sé que no era una terciopelo. El color estaba mal. (Just for a moment. I know it wasn't a terciopelo. The color was wrong.)*

Angeline:

*¿Era amarilla o era verde? (Was it yellow or green?)*

Lucas:

*Era amarillenta...verde. Más— Más verde que amarilla, creo. (It was yellowish...green. More— More green than yellow, I think.)*

Angeline:

*¿No estás seguro? Tú eres el especialista. (You don't know? Aren't you the specialist?)*

Lucas:

*Soy un ecologista y me estoy revolcando en el suelo con el dolor. (I'm an ecologist, and I'm on the ground in pain.)*

Rodolfo:

*El transporte está a cinco minutos. Transport will be here in five minutes.*

Angeline:

*Bien. Eso significa que estará en el hospital en menos de media hora. (Good. That means you'll be at the hospital in less than half an hour.)*

Rodolfo:

*Menos, si nos envían al dron bueno. (Less if they send the good drone.)*

Angeline:

*Entonces esperemos que sea el dron bueno. Dr. Mitchell, necesito que tomes— (So let's hope for the good drone. Dr. Mitchell, I need you take—)*

Reyna:

*Wait! I'm sorry, I very much want to help, but I have no idea what's going on because everyone's speaking too fast. English is my first language, remember?*

Angeline:

I... I'm sorry. Dr. Mitchell, there's a marker in the side pocket of my bag. I need you to mark the area and time of the bite.

Reyna:

Okay.

Angeline:

Then I will wrap it. Now that I've got the area clean, we need to take off his shoes, socks, and watch. Rodolfo, will you help?

Rodolfo:

Sí.

Angeline:

Did you see the snake?

Reyna:

No. Unfortunately, no.

Angeline:

Dr. Soto, describe the pain to me.

Lucas:

There's a slight throbbing through my entire leg all the way to my hip. It's more severe at the puncture wound. I'm feeling lightheaded. My breathing's a little labored, but I think that's the adrenaline.

Angeline:

From the look of the bite and your symptoms, I don't believe this is an Eyelash Viper bite, thankfully. You would probably have passed out by now.

But the snake you're describing,...it can't be that. It's very rare: a Blotched Palm pit viper.

Lucas:

I've never even heard of that.

Angeline:

They are usually found at higher elevations than here. Most people have never seen them.

Lucas:

Oh, it could very well be in this area now.

Angeline: I have no idea if this polyvalent antivenom will work, but it's all I have. We haven't had a reported bite from that type of a snake in 40 years.

Rodolfo, necesito saber la especie de la serpiente. ¿Puedes encontrarla?

Rodolfo:

[unintelligible] *Puedo probar. (I can try.)*

Lucas:

Hold on! We can't disturb this area too much. We have to keep the toads in mind.

Reyna:  
Lucas!

Lucas:  
What?! Those toads could be Lazarus creatures. We cannot risk them. You know that.

Angeline:  
Lo *siento*, you are willing to risk your life *por unos sapos*?

Lucas:  
Absolutely. Yes. I'm just one of billions of humans.

Angeline:  
Well, you are my one patient. I will not risk your life. Rodolfo, *encuéntrame esa serpiente*. (*Find me that snake.*)

Rodolfo:  
Claro.
